By 2030, eliminate gender disparities in education and ensure equal access to all levels of education and vocational training for the vulnerable, including persons with disabilities, indigenous peoples and children in vulnerable situations

#### 4.6

By 2030, ensure that all youth and a substantial proportion of adults, both men and women, achieve literacy and numeracy

#### 4.7

**By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development**

#### 4.a

Build and upgrade **education facilities** that are child, disability and gender sensitive and provide safe, non-violent, inclusive and effective learning environments for all

#### 4.b

By 2020, substantially expand globally the number of **scholarships** available to developing countries, in particular least developed countries, small island developing States and African countries, for enrolment in higher education, including vocational training and information and communications technology, technical, engineering and scientific programmes, in developed countries and other developing countries

#### 4.c

By 2030, substantially increase the supply of qualified teachers, including through **international cooperation for teacher training in developing countries**, especially least developed countries and small island developing States

# Sustainable Development Goal 11

## Make cities and human settlements inclusive, safe, resilient and sustainable

### Goal 11 Targets

#### 11.1

By 2030, ensure access for all to adequate, safe and affordable housing and basic services and upgrade slums

#### 11.2

By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety, notably by expanding public transport, with special attention to the needs of those in vulnerable situations, women, children, persons with disabilities and older persons

#### 11.3

By 2030, enhance inclusive and sustainable urbanization and capacity for participatory, integrated and sustainable human settlement planning and management in all countries

#### 11.4

Strengthen efforts to protect and safeguard the world's cultural and natural heritage

#### 11.5

By 2030, significantly reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to global gross domestic product caused by disasters, including water-related disasters, with a focus on protecting the poor and people in vulnerable situations

#### 11.6

By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management

#### 11.7

By 2030, provide universal access to safe, inclusive and accessible, green and public spaces, in particular for women and children, older persons and persons with disabilities

#### 11.a

Support positive economic, social and environmental links between urban, peri-urban and rural areas by strengthening national and regional development planning

#### 11.b

By 2020, substantially increase the number of cities and human settlements adopting and implementing integrated policies and plans towards inclusion, resource efficiency, mitigation and adaptation to climate change, resilience to disasters, and develop and implement, in line with the Sendai Framework for Disaster Risk Reduction 2015-2030, holistic disaster risk management at all levels

#### 11.c

Support least developed countries, including through financial and technical assistance, in building sustainable and resilient buildings utilizing local materials

# Sustainable Development Goal 13

## Take urgent action to combat climate change and its impacts\*

### Goal 13 Targets

#### 13.1

Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries

#### 13.2

Integrate climate change measures into national policies, strategies and planning

#### 13.3

Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning

#### 13.a

Implement the commitment undertaken by developed-country parties to the United Nations Framework Convention on Climate Change to a goal of mobilizing jointly \$100 billion annually by 2020 from all sources to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation and fully operationalize the Green Climate Fund through its capitalization as soon as possible

#### 13.b

Promote mechanisms for raising capacity for effective climate change-related planning and management in least developed countries and small island developing States, including focusing on women, youth and local and marginalized communities

\* Acknowledging that the United Nations Framework Convention on Climate Change is the primary international, intergovernmental forum for negotiating the global response to climate change.

# Sustainable Development Goal 17

## Strengthen the means of implementation and revitalize the global partnership for sustainable development

### Goal 17 Targets

#### Finance

##### 17.1

Strengthen domestic resource mobilization, including through international support to developing countries, **to improve domestic capacity for tax and other revenue collection**

##### 17.2

Developed countries to implement fully their official development assistance commitments, including the commitment by many developed countries to achieve the target of 0.7 per cent of ODA/GNI to developing countries and 0.15 to 0.20 per cent of ODA/GNI to least developed countries; ODA providers are encouraged to consider setting a target to provide at least 0.20 per cent of ODA/GNI to least developed countries

##### 17.3

**Mobilize additional financial resources for developing countries from multiple sources**

##### 17.4

Assist developing countries in attaining long-term debt sustainability through coordinated policies aimed at fostering debt financing, debt relief and debt restructuring, as appropriate, and address the external debt of highly indebted poor countries to reduce debt distress

##### 17.5

Adopt and implement investment promotion regimes for least developed countries

#### Technology

##### 17.6

Enhance North-South, South-South and triangular regional and international **cooperation on and access to science, technology and innovation and enhance knowledge sharing** on mutually agreed terms, including through improved coordination among existing mechanisms, in particular at the United Nations level, and through a global technology facilitation mechanism

##### 17.7

Promote the development, transfer, dissemination and diffusion of environmentally sound technologies to developing countries on favourable terms, including on concessional and preferential terms, as mutually agreed

##### 17.8

Fully operationalize the technology bank and science, technology and innovation capacity-building mechanism for least developed countries by 2017 and enhance the use of enabling technology, in particular information and communications technology

#### Capacity-Building

##### 17.9

Enhance international support for implementing effective and targeted **capacity-building in developing countries** to support national plans to implement all the sustainable development goals, including through North-South, South-South and triangular cooperation

## Trade

### 17.10

Promote a universal, rules-based, open, non-discriminatory and equitable multilateral trading system under the World Trade Organization, including through the conclusion of negotiations under its Doha Development Agenda

### 17.11

Significantly increase the exports of developing countries, in particular with a view to doubling the least developed countries' share of global exports by 2020

### 17.12

Realize timely implementation of duty-free and quota-free market access on a lasting basis for all least developed countries, consistent with World Trade Organization decisions, including by ensuring that preferential rules of origin applicable to imports from least developed countries are transparent and simple, and contribute to facilitating market access

## Systemic issues

### *Policy and Institutional coherence*

### 17.13

Enhance global macroeconomic stability, including through policy coordination and policy coherence

### 17.14

Enhance policy coherence for sustainable development

### 17.15

Respect each country's policy space and leadership to establish and implement policies for poverty eradication and sustainable development

## *Multi-stakeholder partnerships*

### 17.16

Enhance the global partnership for sustainable development, complemented by **multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the sustainable development goals** in all countries, in particular developing countries

### 17.17

**Encourage and promote effective public, public-private and civil society partnerships, building on the experience and resourcing strategies of partnerships**

### *Data, monitoring and accountability*

### 17.18

By 2020, enhance capacity-building support to developing countries, including for least developed countries and small island developing States, to increase significantly the availability of high-quality, timely and reliable data disaggregated by income, gender, age, race, ethnicity, migratory status, disability, geographic location and other characteristics relevant in national contexts

### 17.19

By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries
