

Call for resources for youth climate action

(Draft as of 17 October 2016)

an initiative in the context of COP22
authorization for use of official COP22 logo pending, applied 13 Oct 2016

To the signatories of **The Giving Pledge** <http://glasspockets.org/givingpledge/profiles.html> and other wealth holders around the world

message:

Climate change is big

Young people have great potentials to contribute and play a very important role in the big transition towards low carbon societies and climate change adaptation

young people need resources

sharing of resources is an imperative for humanity to preserve peace and achieve sustainable development in line with Agenda 2030!

Let's start a bold global **movement** at COP22 - let us **invest in young people** - empower them to help humanity cope with climate change: #GiveYouthaChance <http://www.glocha.info/index.php/latest-news/293-gyacatcop22>

You are **invited to join this movement** and **announce** (in person or via a video message) your **bold commitment/pledge to invest in youth empowerment for climate action** in the context of the new global sustainability Agenda 2030.

Pledges received during COP22 will be presented at COP22 Young and Future Generations Day Press Conference, an official side event, a **#GiveYouthaChance show in COP22 Green zone** 18 Nov. Next big stage for announcing pledges will be at ECOSOC Youth Forum 2017 and at #Global Citizen festival 2017 (to be confirmed).

You can also donate directly on [#GiveYouthaChance crowdfunding platform](#) (#GivingTuesday2016)

The signatories of this Call for Resources for youth climate action commit to **work with You** over the coming months towards **open, transparent and participative formulation and implementation of social and environmental impact investment opportunities** that will be of a **systemic nature** and **help young people to help the world** in its endeavours **towards sustainability in a changing climate**.
